

## The Solid Rock

1                                  5  
My hope is built on nothing less  
2m                                  5                  1  
Than Jesus' blood and righteousness  
1                                  5  
I dare not trust the sweetest frame  
2m                                  5                  1  
But wholly lean on Jesus' name

1                                  4  
*On Christ the solid Rock I stand*  
1    6m                  2m                  5  
*All other ground is sinking sand*  
4                  2m                  5                  1  
*All other ground is sinking sand*

When darkness seems to hide His face  
I rest on His unchanging grace  
In ev'ry high and stormy gale  
My anchor holds with in the veil

When He shall come with trumpet sound  
Oh may I then in Him be found  
Dressed in His righteousness alone  
Faultless to stand before the throne
